HOURLY WAGE INFORMATION BY OCCUPATIONAL TITLE

Published February 2004

Below is a summary of the latest wage information available for Central and Southwestern Utah. The occupations are listed alphabetically, along with the "Occupation Code", which is a unique number assigned to each of the occupations in the survey. The data were collected during November 2002 - June 2003. Wages presented include the Entry Wage (the average of the bottom-third of all wages collected), Average Wage, the Median Wage (which is the wage of the middle worker in the survey where half of the workers earned wages below the median and half above the median), and the Middle Range (which represents the wages of the middle fifty percent of workers. One-fourth of the workers earned wages below the low end of the middle range, and one-fourth of the workers earned wages above the high end of the middle range).

A complete list of wage information for the entire state is available by accessing the Utah Economic Data Viewer on the Web at: <http://jobs.utah.gov/jsp/wi/utalmis/wageDefault.jsp>.

Questions may be addressed to John Mathews (801)526-9467, Austin Sargent (801)526-9464, or Lisa Nicholson (801)526-9962, Economic specialists for the Utah Department of Workforce Services. Comments about this summary flyer are encouraged, and can be directed to the above individuals.
